Subject: Dead Creek - Visits by contractors

The personnel who will visit Monsanto from Chemical Waste Management to discuss the potential work at the Sauget Sites Dead Creek and site M are as follows:

Ron Fitzpatrick - Corporate Project Development Manager
Joe Willich - Operations
Tom Binz - Project Coordinator from the local office
Mark Leibrock - Project Development Manager
Bill Ranier - Project Manager for Cerro project

The out of towners will arrive at the airport around 9:00 a.m. on Monday morning, November 11. They will drive to the Sauget Village Hall to meet Monsanto personnel for a brief look at the site. After the site visit, the group will come to the Monsanto campus in Creve Coeur.

Our meeting to discuss the project will be at 1:30 in room F4WA.
